# MEETING MINUTES

**DATE: <2025-10-08> @ <11:00 EST> | LEAD: <NATHAN> | SCRIBE: <ZAKI>**

## ATTENDEE (ROLE)

- Fares
- Anish
- Nathan
- Zaki
- Ivan
- Marc
- David
- Brett

## TASK DONE : RESPONSIBLE : PROOF

- <went over UML and architecture for classes/methods/etc for a MVP with shareholders> : <all> : N/A
- Added Mohammad from Sierra Leone as a potential person to contact in the project

## ISSUE : PROPOSED SOLUTION(S)

- Certain symbols and representations we thought about using are not applicable or understandable to people in Sierra Leone:
  - Solution:think of different ways and use their ideas to implement different representations

- The idea of timelines and scrolling history is troublesome according to past experience:
  - Sol: Use their suggested ideas of dateframes, come up with more ideas to represent time for transaction history

## TASK TO DO : RESPONSIBLE(S) : DEADLINE

- <Deliverable 2>  :  All  :  <2025-10-08>

## DECISIONS

- n/a

## NEXT MEETING(S)
