MEETING MINUTES

DATE: 2025-10-12 @ 02:30 PM EDT | LEAD: NATHAN | SCRIBE: AMISH

ATTENDEE (ROLE)

- Nathan (Lead)
- Amish (Scribe)
- Anish
- Fares
- Zaki

TASK DONE : RESPONSIBLE : PROOF

- Downloaded Android Studio : Anish, Amish, Fares, Nathan : Local setup complete
- Created Model, View, and Controller files for Send Money : Anish : Files created
- Working on UI, prioritizing Default List View : Amish & Fares : Discussed during Meeting
- Reorganized Assets, added Documentation, implemented FilterTable & FilterableDirection : Nathan : Visible in wip_v0.1.0
- Transactions (TranxPurp Enum, TranxHistory with SQLite, TranxFilter, getHistory function) : Nathan : Visible in wip_v0.1.0

ISSUE : PROPOSED SOLUTION(S)

- No transactions available yet for testing : Use dummy data for now and collaborate with Nathan whenever he is done with his part

TASK TO DO : RESPONSIBLES(S) : DEADLINE

- Send & Request Money Issues : Anish & Zaki : Wednesday, 15th October EOD
- TransactionHistoryGUI Issues : Amish & Fares : Wednesday, 15th October EOD
- TransactionHistory Issues : Nathan: Wednesday, 15th October EOD

DECISIONS

- Use Nathan's provided transaction handling functions as the standard approach for Send/Receive Money and TransactionHistoryGUI
  - TransactionHistoryGUI: First setFilter() then call getHistory()
  - Send/Receive Money: create newTransactions() everytime.

NEXT MEETING(S)

- **2025-10-15 @ TBD**
